

INTERNAL PROMOTION CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it's a priority to ensure that the recruitment of the most suitable candidate to cover a job is carried out through an open selection process, transparent and merit-based (OTM-R). Following these guidelines will promote the mobility of staff, the exchange of knowledge and, ultimately, the increase in the quality of teaching and research. Faithful to the commitment to the human resources strategy of the European Union, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee everyone equal access to a work placement. Therefore, the constitutional principles of equality, merit and capacity are followed, respecting in any case the national and international regulations in force in this area, specifically the European Charter of the Investigator and the Code of Conduct for the recruitment of Researchers (C&C). The principles of C & C are applicable for the recruitment of any staff of the institution, regardless of their professional category.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the **Molecular and Therapeutic Pathology Unit for Ischemic and Atherothrombotic Diseases Group**:

T1B- Senior Laboratory Technician

About the Unit / Group:

The Main lines of research at the group are,

- Physiopathological role of LRP family proteins in chronic diseases.
- Identification and characterization of transcription factors and genetic targets.
- Role of lipids and inflammation.
- Vascular impact of ischaemia and angiogenesis in heart disease. Cell therapy.
- Research into new targets to inhibit the transformation of silent atherosclerosis into ischaemic syndromes: tissue-factor-mediated angiogenic switch.

Essential requirements

- Minimum qualification required Higher Level Professional Studies (Higher Level Training Cycle / FP II) or equivalent
- Minimum 4 years of accredited professional experience
- Oral and written knowledge of the two official languages of Catalonia
- Intermediate knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Experience in animal handling and conducting studies in small and large animals.
- Experience in cell culture (experience in primary cell culture and cell lines would be an asset).
- Experience in protein analysis techniques (Western Blots, ELISAs, immunoprecipitation...).
- Experience in molecular techniques including sample processing to obtain cDNA/mRNA and quantitative techniques (RT-PCRs etc).
- Experience in technical training of PhD students and other staff.

Functions

- Handling and manipulation of experimental animals (large and small) .
- Cell cultures (expansion, isolation and processing, cryopreservation, reagent preparation).
- Preparing laboratory solutions, ordering
- Processing samples to obtain mRNA and protein and analysing expression levels.
- Analysis of lipid profiles by chromatography.
- Immunohistochemical techniques
- Supporting researchers in the technical training of PhD students and other staff.

Offered

- Indefinite contract attached to the Molecular and Therapeutic Pathology of Atherothrombotic and Ischemic Diseases Group.
- Annual working day of 1,627.50 hours (37.5 hours/week)

- Remuneration according to agreement
- Research Group: Molecular and Therapeutic Pathology of Atherothrombotic and Ischemic Diseases

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2023/021**:

(1) Application letter and updated Curriculum Vitae

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**The deadline for submitting applications
will end on January 26th, 2023, at 3:00 p.m.**

**** This promotion is subjected to the payment of the extraordinary contribution by the Health Department. However, the application of the promotion will be retroactive to 1 January 2023, in the case that the mentioned contribution is received after this date.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive

95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of

developing this call. The legal basis for this treatment is the article 6.1 a, c and f from the GDPR, giving that we will ask for your consent, the treatment is necessary for the application of precontractual measures and its necessary to satisfy the legitimate interests pursued by the Data Controller.

The data will be kept during the necessary time to develop the call.
