

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it's a priority to ensure that the recruitment of the most suitable candidate to cover a job is carried out through an open selection process, transparent and merit-based (OTM-R). Following these guidelines will promote the mobility of staff, the exchange of knowledge and, ultimately, the increase in the quality of teaching and research. Faithful to the commitment to the human resources strategy of the European Union, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee everyone equal access to a work placement. Therefore, the constitutional principles of equality, merit and capacity are followed, respecting in any case the national and international regulations in force in this area, specifically the European Charter of the Investigator and the Code of Conduct for the recruitment of Researchers (C&C). The principles of C & C are applicable for the recruitment of any staff of the institution, regardless of their professional category.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the **Molecular Neurodegeneration Group**:

T2- AC ISCIII 21

About the Unit / Group:

Main lines of research:

- Development of fluid biomarkers of synaptic degeneration in neurodegenerative diseases and neuropsychiatric disorders

- "Omics" studies to understand the molecular bases of synaptic degeneration in Alzheimer's disease.
- Polygenic risk scores based on biological pathways to elucidate the genetic factors underlying Alzheimer's disease and the use of cell-based assays in vitro to assess their function.

Essential requirements

- Minimum qualification required: Higher Education (Bachelor's Degree, University Degree) or equivalent
- Experience in immunoassays (SIMOA, ELISA, Luminex, immunostaining)
- Biochemical fractionation (synaptosomes, vesicle isolation) of biological samples
- Oral and written knowledge of the two official languages of Catalonia
- Intermediate Level of English
- Intermediate knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Knowledge of neurodegenerative diseases
- Experience in microscopy
- Experience in proteomics analysis

Functions

- Preparation of tissue and biofluids for biochemical fractionation of synaptosomes and vesicles.
- Analysis of biofluids by SIMOA, ELISA, Luminex and mass spectrometry.
- Optimization and performance of immunofluorescence immunofluorescence.
- Statistical analysis of clinical and neuropsychological data.

Offered

- Temporary contract assigned to the project: "SynaDeg: Prediagnostic early synaptic disturbances in neurodegenerative diseases"
Contract co-financed by the Carlos III Health Institute with the file code AC21_2/00017.
- Annual workday of 1.627,50 hours (37,5 hours/week)

- Remuneration according ISCIII
- Research Group: Molecular Neurodegeneration

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2023/075**:

(1) Application letter and updated Curriculum Vitae

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.
