

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it's a priority to ensure that the recruitment of the most suitable candidate to cover a job is carried out through an open selection process, transparent and merit-based (OTM-R). Following these guidelines will promote the mobility of staff, the exchange of knowledge and, ultimately, the increase in the quality of teaching and research. Faithful to the commitment to the human resources strategy of the European Union, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee everyone equal access to a work placement. Therefore, the constitutional principles of equality, merit and capacity are followed, respecting in any case the national and international regulations in force in this area, specifically the European Charter of the Investigator and the Code of Conduct for the recruitment of Researchers (C&C). The principles of C & C are applicable for the recruitment of any staff of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of the "Excellence in R + D in Research" granted to the IIB de Sant Pau, since 2015.

HR EXCELLENCE IN RESEARCH

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the International Projects Unit:

International Project Manager
(A3A Junior Management Technician)

What we are looking for

The Institute is looking for an International Research Project Manager to join the International Projects Unit. Reporting to the head of International Projects Unit, he/she will work in liaison between the Head of the Unit and the Investigators mainly in the pre-award phase: identification of new international funding opportunities and support mostly in the preparation of European Commission research proposals (at a technical, financial and administrative level), but also in the preparation of proposals from other international funding entities

Essential requirements

- Minimum qualification required: Higher Education (Bachelor's Degree, University Degree) or equivalent, specific to the area to be covered
- Proficiency Level of English
- Advanced knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Basic oral and written knowledge of the two official languages of Catalonia.
- Experience in management of international research projects: the Framework Programme of the European Commission (FP7, H2020, HE) and other funding programs (NIH or Erasmus+, among others) in the healthcare field
- PhD in the biomedical or health field
- Related courses in project management and research project proposal preparation
- Experience in a biomedical and/or health research environment
- Dynamic person, good team player, used to participate in international consortia and research networks.
- Ability to work under deadlines and handle varying workloads with high responsibility and independency
- Excellent organizational skills, excellent attention to detail and ability to plan and organize work.

Functions

- Detect, communicate and explore international research funding opportunities
- Support in the preparation and submission of European and international competitive grant proposals (proposal writing, budgeting and compliance of requirements)
- Follow-up and support in negotiating, supervising the drafting and signing process of consortium or grant agreements
- Maintenance of grants databases
- Support in the organization of the training session program on European Research Projects for researchers
- Liaise with funding agencies and national contact points.
- Participation in the post-award area of the International Projects Unit (contribution to monitor the work progress of the projects and budget follow up) and other transversal areas

Offered

- Indefinite contract linked to the Unit and full-time contract, a good working environment, flexible working hours, training plan and flexible remuneration
- Annual workday of 1.627,50 hours (37,5 hours/week)
- Remuneration according to collective agreement
- Professional Category: A3A Junior Management Technician
This contract will be supported by the project STL028/23/000051 and funded by the Department of Health of the Government of Catalonia.
- Department: International Projects Unit

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat, indicating the reference **2023/163**:

(1) Application letter, updated Curriculum Vitae and Academic Degrees

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**The deadline for submitting applications
