

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the **Unit of Molecular and Therapeutic Pathology of Ischemic and Atherothrombotic Diseases**:

T1A- Laboratory Technician RICORS ISCIII 21

About the Unit / Group:

The main lines of research of the group are:

- Pathophysiological role of proteins of the LRP family in chronic diseases.
- Identification and characterization of transcription factors and genetic targets.
- Role of lipids and inflammation.
- Vascular impact of ischemia and angiogenesis in heart disease. Cell therapy.
- Search for new targets to inhibit the transformation of silent atherosclerosis into ischemic syndromes: tissue-mediated angiogenic change.

Essential requirements

- Minimum qualification required Higher Level Professional Studies (Higher Level Training Cycle / FPII) or equivalent
- Oral and written knowledge of the two official languages of Catalonia or, failing that, the successful candidate will have to demonstrate, or promise to obtain, within a period not exceeding one year, a correct knowledge of the two official languages of Catalonia.
- Intermediate knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Experience in molecular biology techniques: Western blot, ELISAs, confocal and inverted microscopy, PCR, IHQ, flow cytometry...
- Experience in cell biology techniques: primary cultures and cell lines (especially blood cells).
- Experience in techniques for obtaining DNA, RNA and protein from animal tissue samples.
- Experience in working with experimental animals (small rodents) ·

Functions

- Protein analysis by 2DE, Western Blot and quantitative using immuno-assays
- Process samples to obtain mRNA and protein and analyse expression levels.
- Technical and functional studies for the phenotypic and functional characterization of ASC, EC and inflammatory cells: monocytes and macrophages.
- Support in animal studies (rodents, pigs)
- Cell cultures (expansion, isolation and processing)

Offered

- Temporary Contract assigned to the project "RICORS TERAV"
Contracte finançat pel Instituto de Salud Carlos III, amb el codi d'expedient RD21-0017/0013, en virtut de la Resolució de la Direcció del Instituto de Salud Carlos III, O.A., M.P., per la que es concedeixen subvencions per la Red de Investigación Cooperativa Orientadas a Resultados en Salud (RICORS) de la convocatòria 2021 de la Acció Estratègica en Salut 2017-2020, con cargo a los fondos europeos del Plan de Recuperación, Transformación y Resiliencia
- Annual workday of 1.627,50 hours (37,5 hours/week)
- Remuneration according to ISCIII salary tables
- Research Group: Unit of Molecular and Therapeutic Pathology of Ischemic and Atherothrombotic Diseases

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat, indicating the reference **2023/166**:

(1) Application letter and updated Curriculum Vitae

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**The deadline for submitting applications
will end on July 20th 2023, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of developing this call.
