

INTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

HR EXCELLENCE IN RESEARCH

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the **Genomics and Transcriptomics Platforms Unit**:

T5 - Senior Technician – Area's Responsible

About the Unit / Group:

The Genomics and Transcriptomics platform is a facility focused on giving advice and offering specific services in genomics or transcriptomics techniques, and specifying equipment available to researchers and the scientific community. The Genomics and Transcriptomics platform is ISO 9001:2015 certified.

Essential requirements

- Minimum qualification required: Higher Education (Bachelor or University Degree)
- Solid and extensive demonstrable experience in the area to be managed
- Oral and written knowledge of the two official languages of Catalonia
- Advanced level of English
- Advanced knowledge of office tools (excel, word, power point, etc)

Skills will be valued

- Experience in using the platform's equipment or theoretical knowledge and taking courses
- Knowledge of Bioinformatics and Biostatistics in the field of Genomics/Transcriptomics
- Doctorate title
- Knowledge of the ISO 9001:2015 standard
- Leadership
- Resolution and organizational capacity

Functions

- Technical management of the Transcriptomics and Genomics service
- Ensure the good condition of the Transcriptomics and Genomics platform
- Service to researchers using the platform's equipment
- Training of new users for the use of self-service equipment
- Economic control and monitoring of the platform by assessing and monitoring the annual budget of the same
- Prepare the Platform's own PNTs and records, necessary for the correct provision and traceability of the service
- Supervise the performance of the service
- Manage non-conformities and service incidents
- Elaborate, together with Economic Management and responsible for the

Scientific-Technical Service Platforms, the fees for the services

- Request the registration and termination of users' physical access to the service
- Assess equipment acquisition needs and, where appropriate, raise them to the head of the Scientific-Technical Services Platforms
- Notify the Administrative Management Unit of the end of the service for billing/charging (if applicable)
- Development and validation of new techniques, when appropriate
- Follow the ISO 9001:2015 Regulation in the Service
- Set up and monitor the Annual Equipment Maintenance Plan
- Organize the work of the platform staff
- Supervise the work of the platform staff

Offered

- Indefinite contract: Genomics and Transcriptomics platform
- Annual workday of 1.627,50 hours (37,5 hours/week)
- Remuneration according collective agreement
- Research Group: Genomics and Transcriptomics platform

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat, indicating the reference **2022/174**:

(1) Application letter and updated Curriculum Vitae

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.
