

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The Research Institute of the Hospital de la Santa Creu i Sant Pau needs to incorporate

International Project Manager (Senior Management Technician)

About us

The Research Institute of the Hospital de la Santa Creu i Sant Pau - IIB Sant Pau is a private scientific foundation, whose mission is to promote basic, clinical, epidemiological, and healthcare research in the fields of health sciences and biomedicine. Our research aims at finding solutions to citizens health problems while contributing to scientific, educational, social and economic development. The Institute, located on the Sant Pau Campus, is a biomedical research center of excellence and it is affiliated to the Autonomous University of Barcelona and it is part of the Catalan System of Research Centres (CERCA). The Institute is currently one of the most active research centres in Catalonia, especially in relation to translational research and the application of new discoveries to clinical practice.

What we are looking for

The Institute is looking for an International Research Project Manager to join the International Projects Unit. Reporting to the head of International Projects Unit, he/she will work in liaison between the Head of the Unit and the Investigators mainly in the pre-award phase: identification of new international funding opportunities and support mostly in the preparation of European Commission research proposals (at a technical, financial and administrative level), but also in the preparation of proposals from other international funding entities.

Essential requirements

- Bachelor degree (BsC). BsC in Health Sciences or Technology would be an asset.
- At least four years' experience in project management of international research projects.
- Proficiency level in English.
- Advanced knowledge of office tools (excel, word, power point, etc).

Other requirements to be valued

- Basic oral and written knowledge of the two official languages of Catalonia.
- PhD or equivalent experience in research in the biomedical or health field.
- Related courses in project management and research project proposal preparation
- Demonstrable experience in a biomedical and/or health research environment.
- Experience in the Framework Programme of the European Commission (FP7, H2020, HE) and other funding programs (NIH or Erasmus+, among others) in the healthcare field.
- Dynamic person, good team player, used to participate in international consortia and research networks.
- Ability to work under deadlines and handle varying workloads with high responsibility and independency.
- Excellent organizational skills, excellent attention to detail and ability to plan and organize work.

Key Duties

- Detect, communicate and explore international research funding opportunities
- Support in the preparation and submission of European and international competitive grant proposals (proposal writing, budgeting and compliance of requirements).
- Follow-up and support in negotiating, supervising the drafting and signing process of consortium or grant agreements.
- Maintenance of grants databases.
- Support in the organization of the training session program on European Research Projects for researchers.
- Liaise with funding agencies and national contact points.
- Participation in the post-award area of the International Projects Unit (contribution to monitor the work progress of the projects and budget follow up) and other transversal areas.

Offered

- Indefinite and full-time contract.
- Annual workday of 1.627,50 hours (37,5 hours/week).
- Remuneration according collective agreement and experience of the candidate.
- Professional Category: A3B Senior Management Technician.
- He/She will join the International Projects Unit.
- This contract will be funded by the Department of Health of the Generalitat de Catalunya with file number SLT028/23/000051

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat, indicating the reference **2023/226**:

- (1) Application letter and updated Curriculum Vitae
- (2) All accreditation titles and certificates are required

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**The deadline for submitting applications
will end on 6th the December 2023, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of developing this call. The legal basis for this treatment is the article 6.1 a, c and f from the GDPR, giving that we will ask for your consent, the treatment is necessary for the application of precontractual measures and its necessary to satisfy the legitimate interests pursued by the Data Controller.

The data will be kept during the necessary time to develop the call. Data will be treated solely by that areas and services that are allowed to in accordance with their assigned competences and functions.
