

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the **Cytometry Platform**:

T4A- Junior Research Technician

About the Unit / Group:

The flow cytometry platform offers users state-of-the-art equipment for cytometry analysis and cell population separation, as well as a multiplex platform for quantitative and qualitative analysis of proteins and nucleic acids in a wide variety of samples.

The staff of the unit supports users in the experimental design, acquisition of data and analysis of results. In addition, it carries out periodic training of users to facilitate the use of part of the equipment of the platform in self-service mode.

The flow cytometry platform is ISO 9001.2015 certified and offers sample analysis, from staining to the delivery of results, as well as the possibility of fine-tuning new techniques at the request of both internal and external users.

Essential requirements

- Minimum qualification required: Higher Education (Bachelor's Degree, University Degree) or equivalent
- Oral and written knowledge of the two official languages of Catalonia or, failing that, the successful candidate will have to demonstrate, or promise to obtain, within a period not exceeding one year, a correct knowledge of the two official languages of Catalonia.
- Experience in the use of equipment in the cytometry area.
- Experience in cell separation.
- Experience in sample preparation.
- Advanced level of English
- Advanced knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Master in Immunology
- Experience in the analysis of bacteria
- Experience in Luminex technology
- Knowledge of ISO 9001:2015
- Knowledge of working protocols under NCF

Functions

- Perform maintenance and calibration of cytometry platform equipment
- Provide training to new users for the use of equipment in self-service.
- Perform protocols for marking, acquisition and interpretation of samples under the supervision of their manager.
- Keep usage and maintenance records updated according to ISO regulations.
- Replenish the fungible platform.
- Help users with acquisition doubts or technical problems with cytometers.
- Assist users in acquiring samples in the MAGPIX.
- Process samples by the cell separator under the supervision.

Offered

- Indefinite contract linked to the cytometry platform
- Annual workday of 1.627,50 hours (37,5 hours/week)
- Remuneration according collective agreement
- Research Group: Cytometry platform

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2023/245**:

(1) Application letter and updated Curriculum Vitae

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for

applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**The deadline for submitting applications
will end on January 11th 2024, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of developing this call.
