

## INTERNAL / EXTERNAL CALL

### The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Communication Unit:

**A3A Junior Administrative Technician- Project Manager**

### **About the (Unit/Group):**

The Communication and External Relations area was created in 2021 to increase the reputation and visibility of the Institute, as well as to strengthen and build new relationships with the main stakeholders.

The Communication Unit communicates and disseminates the innovative and cutting-edge research activities of the Sant Pau Research Institute at national and international level. Through activities and projects, the unit engages with the public and various stakeholders in order to promote engagement and increase awareness of biomedical and health research.

The Unit is responsible for the corporate image, relations with the media, citizen participation, scientific education, internal communication, and fundraising.

The Communications Unit is accredited as a Scientific Culture and Innovation Unit (UCC+i) of the Spanish Foundation for Science and Technology (FECYT). It is a member of the Scientific Culture and Innovation Units Network, which includes the main agents for the dissemination of science and innovation in Spain.

The selected person will contribute to the conceptualization, coordination and execution of communication projects and actions such as dissemination, fundraising and information campaigns aimed at the different audiences linked to the Research Institute (citizens, schools, professionals, health sector, companies, etc.)
