

## INTERNAL PROMOTION

### The Institute

The **Santa Creu & Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu & Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Molecular and Therapeutic Pathology of Atherothrombotic and Ischemic disease group:

**R3B - Research Line Manager**

## About the Unit / Group:

The Group Molecular Pathology and Therapeutic of Ischaemic and Atherothrombotic Diseases has demonstrated expertise in cardiovascular research, with molecular/genetics to translational and clinical approaches, and focus on atherosclerosis/thrombosis, ischemic heart disease and the axis heart-brain. During the last years, the group has achieved significant advances in the generation of knowledge by aiming at the investigation of unmet clinical needs through methodological innovation, critical thinking and technological advances. These advances have concluded in the generation of scientific articles, educational documents, guidelines and intellectual property

## Essential requirements

- Minimum qualification required: Ph.D. degree
- High quality scientific record
- Ability to lead a Line of research, within the thematic area of the group
- proven experience in the research area / line
- Ability to Manage the development of the Line of Research and control the functions and activities of the researchers under his/her charge.

**AUTHORISATION FOR PROCESSING PERSONAL DATA**

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to [dpd@santpau.cat](mailto:dpd@santpau.cat).

**Consent**

I have been informed about the processing of my data and I consent to the processing:

YES                       NO
