

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu y Sant Pau Hospital Research Institute Foundation** is a scientific foundation whose mission is to improve the health and quality of life of the population, through the production and dissemination of scientific knowledge, the training of researchers at an international level and the promotion of innovation and health through the incorporation of medical advances in clinical practice and health policies. Created in 1992, in 2003 it was attached to the Autonomous University of Barcelona (UAB) and since 2011 it has been part of the CERCA Program of the Generalitat de Catalunya

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.
