

INTERNAL / EXTERNAL CALL

The Institute

The Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and health by integrating medical advances into clinical practice and health policies. Established in 1992, it has been a center of excellence affiliated with the Autonomous University of Barcelona (UAB) since 2009 and has been part of the CERCA (Research Centers of Catalonia) network since 2011.

For the Foundation, it is a priority to ensure that the recruitment of the most suitable candidate to fill a job is done through an open, transparent and merit-based (OTM-R) selection process. Following these guidelines will promote the mobility of staff, the exchange of knowledge and, ultimately, the increase in the quality of teaching and research. Faithful to the commitment to the human resources strategy of the European Union, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee everyone equal access to employment. Therefore, the constitutional principles of equality, merit and capacity are followed, respecting in any case the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the recruitment of researchers (C&C). The principles of C&C are applicable for the recruitment of any staff of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R&D in Research" awarded to the IIB Sant Pau, since 2015.
