

## INTERNAL / EXTERNAL CALL

### The Institute

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population, through the production and dissemination of scientific knowledge, the training of researchers at international level and the promotion of innovation and health through the incorporation of medical advances in clinical practice and health policies. Created in 1992, it is a research center of excellence attached to the Universitat Autònoma de Barcelona (UAB) since 2009 and, since 2011, it has been a CERCA center (Centres de Recerca de Catalunya).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Movement Disorders Unit of the Neurology Department:

**T4C- Senior Platform Technician**

### **About the Unit / Group:**

The Movement Disorders Unit of the Neurology Department at Hospital de la Santa Creu i Sant Pau, led by Dr. Jaime Kulisevsky, is a reference in clinical and translational research in the field of Movement Disorders. As part of a tertiary university hospital accredited by the Instituto de Salud Carlos III, the unit combines specialized care with intense research and teaching activity.

With a well-established track record, the unit has secured continuous funding through competitive calls and has contributed to the training of new researchers through various pre- and postdoctoral programs. Additionally, several doctoral theses have been defended in recent years, and others are currently underway. Hospital de Sant Pau recognizes this unit as a Functional Unit for the care of rare diseases with movement disorders. Furthermore, it is part of national and regional research networks and is accredited as a CSUR reference center for the diagnosis and treatment of these pathologies.

### **Essential requirements**

- Minimum required degree: Bachelor's in Biomedical Engineering.
- Extensive experience in the neuroscience field, with advanced expertise
- Oral and written proficiency in both official languages of Catalonia, or if not, the selected candidate must demonstrate or commit to acquiring, within a maximum of one year, proper knowledge of both official languages in Catalonia.
- Advanced level of English.
- Advanced knowledge of office tools (Excel, Word, PowerPoint, etc.).

### **Skills will be valued**

- Hands-on research experience in the field of neurodegenerative diseases.
- Experience working closely with medical teams in clinical practice.
- Previous experience in studies based on inertial, neurophysiological, and LFP signal analysis.
- Knowledge of neuroimaging processing and analysis techniques.
- Postgraduate studies: Master's in Neuroengineering or Neurosciences.
- Being eligible to pursue a PhD.

## Functions

- Acquisition and analysis of data obtained from inertial sensors and LFP recordings.
- Construction and maintenance of databases in the RedCap environment related to ongoing research studies.
- Extraction of clinically useful information.
- Development of algorithms for the simultaneous analysis of various biomarkers (biomedical signals, neuroimaging, etc.) to aid in the programming of brain stimulators.

## Offered

- Permanent contract, linked to project IIBSP-ESP-2025-32
- Annual working hours: 868 hours (20 hours/week)
- Salary according to the applicable agreement
- Research Group: Parkinson's Disease and Movement Disorders Unit

## Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address [ir\\_seleccio@santpau.cat](mailto:ir_seleccio@santpau.cat) , indicating the reference **2025/052**:

**(1) Application letter and updated Curriculum Vitae  
and signed Data Processing Authorization\*\***

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Barcelona, 09/04/2025

**Human Resources Departament**

Santa Creu i Sant Pau Hospital Research Institute Foundation

### **AUTHORISATION FOR PROCESSING PERSONAL DATA**

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to [dpo@santpau.cat](mailto:dpo@santpau.cat).

#### **Consent**

I have been informed about the processing of my data and I consent to the processing:

YES
